THE NATION'S AFFAIRS

**Inspecting Exported Meat
Products.**

**Restoring America's Lost
Shipping.**

**An Arbitration Treaty Being Nego-
tiated With Switzerland.**
The Taulbee Case.

WASHINGTON, March 26.—The Sec-
retary of Agriculture has prescribed an
elaborate set of rules and regulations for
the inspection of live cattle and hogs,
and carcasses, under the law of August
last, for proprietors of establishments
engaged in packing meats for inspection,
giving detailed information in regard to
their product, etc.

The Secretary will give such estab-
lishments an official number by which
all its inspected products will thereafter
be known. He has appointed an in-
spector to take charge of the work at
each establishment. This inspector will
examine all animals before slaughtering
and at the time of slaughter, and shall
condemn any found to be diseased or
unfit for food. The carcasses of the
cattle will be stamped with a numbered
stamp and the record sent to the De-
partment at Washington. Each and
every article of food products made from
inspected carcasses will be labelled or
marked in such manner as the owner of
the establishment may direct.

In the case of swine, in addition to the
above rules, a microscopic examination
for trichinae will be required for all pro-
ducts. The inspector will issue a certificate
for all carcasses or products to be
exported into foreign countries.

THE TAULBEE CASE.

Examination of Witnesses Begun in Wash-
ington Yesterday.

WASHINGTON, March 26.—A number
of witnesses in the Kincaid trial were
examined this morning.
William McCormick, one of the door-
keepers of the House, said he heard
Taulbee call Kincaid a liar before the
shooting occurred. Kincaid asked
witness at that time what he should do
in regard to the trouble. Witness said
he had no advice to give. Said Kincaid:
"I am not able to cope with such a man
as Taulbee; I have been sick and am
weak, and more than that I was not
armed." A short time after, however,
this witness heard the report of a pistol.
Woodbridge, another doorkeeper, sub-
stantially corroborated McCormick's
testimony, except that he testified to
having seen Taulbee pull Kincaid's ear.

UNIVERSAL PEACE.

An Arbitration Treaty With Switzerland
Now Under Consideration.

WASHINGTON, March 26.—Referring to
a cable dispatch about an arbitration
treaty between the United States and
Switzerland, it is learned at the State
Department that there have been ne-
gotiations with Switzerland for several
years.

Such a treaty was under consideration
and was ratified by Switzerland eight
years ago but Secretary Frelinghuysen
objected to the text as too vague and
negotiation lapsed. When an arbitra-
tion agreement was made after the late
Pan-American Congress, a copy of the
treaty was sent to each European
Government. It is presumed this may
have been submitted by the President
of Switzerland to the Legislature.

BUSINESS-LIKE WANAMAKER

Looking Out for the Government Inter-
ests in Mail Subsidy Contracts.

WASHINGTON, March 26.—Postmaster-
General Wanamaker has invited the dip-
lomatic representatives of various South
American countries to confer with him
regarding plans for facilitating the mail
service under the new postal subsidy act.

He has also had a number of confer-
ences with representatives of ocean
steamship lines. It has been made clear
to these gentlemen that, while the pur-
pose of the Postmaster-General is to be
liberal to American shipping interests,
he will insist upon making contracts
that shall be for the interests of the
Government.

TROUBLE ON THE BORDER.

Cattlemen Forbidden to Drive Their Cattle
Into Indian Territory.

St. Louis, March 26.—Dispatches from
the northern border of Texas say there
is great excitement among the cattle-
men, caused by the announcement that
the Government agent at Miles had sent
marshals to the Osage Nation, in the
Indian Territory, to notify the stockmen
that they will not allow cattle to graze
on that reservation.

The cattlemen have leased a large
tract of grazing land in the Osage Na-
tion at a heavy expense, and in the last
two weeks have shipped there at least
10,000 head.

Scheming for Recognition.

ROME, March 26.—Archbishop Walsh
is here in obedience to a secret summons
from the Pope, who is anxious in the
present crisis to arrest the decline in
the Catholic ascendancy in Ireland by
forming a united Catholic party in
Ireland, which shall proceed, by reason-
able methods, but which shall discounte-
nance Parnell. A pledge to this effect
will be offered, the British Government
in return for a renewal of diplomatic
relations.

The Peruvian Slave.

NEW YORK, March 26.—The case of
Consul General of Peru Quintana's slave
girl was up again in the police court
today, when further hearing in the case
was dropped. The Children's Society
refused to make any complaint against
Mrs. Quintana or Quintana. The girl

will remain in the custody of the society
until it shall be decided what is to be
done with her.

THE ILLINOIS CANAL.

A Proposition to Decrease Its Minimum
Depth to Ten Feet.

CHICAGO, March 26.—The Chicago
drainage canal trustees today adopted
resolutions requesting the Illinois Legis-
lature to amend the laws so that the
canal need only be ten feet deep, in-
stead of fourteen to eighteen feet deep.
President Prendergast declared the
idea visionary that lake vessels might
go down to the Mississippi river on the
Illinois river. He held that ten feet
depth would accommodate all the vessels
that will ever pass up to Chicago
through the Illinois river, no matter
how greatly the latter stream is im-
proved.

THE LEGISLATURES.

What the Solons are Doing in a Number
of States.

MILWAUKEE, March 26.—The reap-
portionment of congressional districts was
completed today by the Democratic mem-
bers of the committee and submitted to
the full committee tonight. The Demo-
crats figure that six of the ten districts
will be Democratic.

LITTLE ROCK, March 26.—A bill to
pension disabled ex-Confederate soldiers
passed both houses of the Arkansas
Legislature today.

LINCOLN, March 26.—The Senate has
passed a bill appropriating \$50,000 for
Nebraska's exhibit at the World's Fair.
The bill now goes to the Governor.

Italians Under Arms.

WHEELING, March 26.—The story sent
out last week of many Italians employed
on a new line of railroad now being con-
structed, drilling under arms, has been
verified. On last pay day there was a
narrow escape from a riot and over 100
men were dismissed by the contractors.
The excitement in camp continues.

THE GREAT COKE STRIKE

BROKEN BY THE OPERATORS AT
A NUMBER OF POINTS.

Desperate and Hungry Workmen Resum-
ing Their Employment Under the New
Sliding Scale—Violent Measures Feared.

SCOTTSVILLE, Pa., March 26.—The coke
regions have been in an uproar all day
over the result of the posting of a slid-
ing scale last night by the Frick Com-
pany, McLure and other concerns. The
Frick Company is an enormous con-
cern, controlling over two-thirds of the
ovens in the district, while the McLure
Company owns some 2000 ovens. The
managers of the Frick Company say of
the seventeen works in which they
posted notices ten are working today. It
is claimed by the operators they are pay-
ing 20 per cent more wages than any
other coke region in the country.

The labor leaders are dismayed at the
unexpected decision of so many strikers.
At the Leisenring works the strikers
who remained out raided the yard, put-
ting the workmen to flight, several of
them being injured.

Tonight the region is filled with ap-
prehension as to the result of this deter-
mined and unexpected attempt at re-
sumption. The operators will have a
regiment of deputies, if necessary. The
strikers are determined and the major-
ity united, while the men who are going
back to work are either desperate for-
eigners, who have no fear of the strikers,
or men who are actually driven to work
by poverty and perhaps hunger.

BLUFFING AT SULLIVAN.

Slavin Challenges All Comers for the
Championship Belt.

NEW YORK, March 26.—A letter has
been received at the Police Gazette office
from Slavin authorizing Madden to
match Slavin to fight or box any man
in America for any amount, the Police
Gazette championship belt and the
championship of the world.

Slavin will give Sullivan \$5000 if he
fails to stop, conquer or knock him out
in six rounds; give Kilrain \$3000 if he
fails to knock him out in six rounds;
make Dominick McCaffrey a present of
\$500 to box him six rounds, or give
the same amount to Godfrey. Slavin
does not forget Corbett or Jackson; he
agrees to box either ten rounds or fight
them, Police Gazette rules, and forfeit
\$5,000 if he fails to knock either out in
ten rounds.

THE STRAIGHTLY WRECK.

Fearful Experience of the Crew of the
Stranded Steamer.

ELIZABETH CITY, N. C., March 26.—
The four survivors of the British ship
Strathgairn say they think the weather
and the inability to take observations
was the cause of the wreck.

The men are thoroughly exhausted from
exposure and in bad condition. The
vessel struck at 4:40 Tuesday morn-
ing and before daylight had gone to
pieces. The captain and navigator had
been on the bridge for three days and
nights and were unable to get an observa-
tion.

The life-saving crew succeeded in get-
ting a line to the vessel, but the men on
board were so benumbed by exposure
they were unable to haul it in.

Another Iron Molder's Strike.

SAN FRANCISCO, March 26.—Seventeen
iron molders and one apprentice are on
a strike at the Pacific Rolling Mills be-
cause the mills have been doing work
for other foundries in this city where
men are on strike. The Union Iron
Works will be affected, as it has relied
on the Pacific Rolling Mills for steel
castings for vessels in course of con-
struction.

Run Into a Caboose.

ASHLAND, Or., March 26.—A freight
train from the south ran into the caboose
of a train from the north, at Ashland
switch, last night. Brakeman John
Castles was seriously injured. There
was no other damage.

A DRUNKEN ESCAPE

**Attacking the White House
at Night.**

**Young Martin's Midnight
Performance.**

**The President Helped the Officers
Tie Down the Fierce
Inebriate.**

WASHINGTON, March 26.—The Star
has this:

Arrangements will in all probability
be made during the next few days by
which J. Harry Martin, stepson of Sen-
ator Vance, can go into the police court
and plead guilty to an offense punish-
able by fine and settle the charge against
him growing out of his breaking the
White House windows.

If the case ever comes to a hearing
some surprising facts would no doubt
come to light. When Martin, who was
crazed with liquor, broke away from his
companions and scaled the fence it was
done after he had used such language
as, "I'm going to do the President."
His companions feared in his reckless
mood he would do some rash act, so as
soon as he started over the fence one of
his companions ran around to the front
of the house to notify the officers that
Martin was coming toward the rear of
the building. Before he could tell his
story a crash was heard in the rear and
Policemen Kenny and Dubois made a
rush for the window.

Martin, who is an athlete, struck
Kenny a heavy blow which stunned him.
The President, who heard the
crash, was upon the scene in a few sec-
onds, and if he had not assisted the offi-
cers there would no doubt have been
more trouble than there was.

President Harrison, seeing the diffi-
culty the men had in struggling with
the powerful young fellow, cut away one
of the ropes that fastened the curtain and,
with the officers' assistance, bound
Martin securely. The President tied the
knots himself and made a neat job of it,
as he was much less nervous and excited
than the others who had been in the
struggle.

Since the affair happened the Presi-
dent has been visited by at least a score
of people who have begged him to inter-
